# MNI: Ukrainian Strikes on Russia's Oil Infrastructure Tracker

*By Lawrence Toye & Daniel Dawson* (15/01/2026)

- **Russia's crude processing** volumes **averaged 5.6m b/d** towards the end of December**,** Bloomberg reported.
- The tables show **reported Ukrainian attacks on Russian oil infrastructure since October**. Given the frequency of attempted strikes, the list may not be exhaustive.

## Major Russian Refineries Targeted by Ukraine

## Smaller Refineries

| Date | Facility | Capacity | Operational Impact | Further Details |
|---|---|---|---|---|
| Dec-15 | **Astrakhan Gas Processing Plant**<br><br>Operator: Gazprom | 3.2m mtpa (60k b/d), | **Crude processing halted as of Dec. 23 (Bloomberg)** | Plant processes condensates<br><br>Previously halted production of motor fuels on Sep. 22 after a fire caused by a drone attack.<br><br>Also hit early February. |
| Oct-29 | **NS-Oil refinery**, Novospasskoye, Ulyanovsk | 0.6m mtpa (12k b/d) | **Damage Unknown** | Produces gasoline, diesel, and fuel oil. |
| Oct-29 | **Mariysk refinery**, Mari El Republic | 1.3m mtpa (26k b/d) | **Damage Unknown** | Explosions and a fire at the facility (Ukraine General Staff).<br><br>Refinery has two primary oil processing units and a vacuum fuel oil processing unit (Interfax Ukraine) |
| Oct-22 | **Dagnotech**, Makhachkala, Dagestan | 1m mtpa (20k b/d) | **Damage Unknown** | Kyiv's General Staff claimed the attack hit one of the crude refining units, but it was not independently verified. |

## Ports & Export Terminals

| Date | Facility | Location | Max Oil Loading Capacity | Impact | Further Details |
|---|---|---|---|---|---|
| Dec. 31 | **Tuapse** | **Black Sea** | 13 mtpa (240k b/d) | Berth hit. Pipelines and loading equipment at the terminal said to be affected (RBC Ukraine). | Also attacked on Nov. 9 and Nov. 2.<br><br>Resumed oil product exports in week ending Nov. 23 after a two-week suspension following drone strike (Reuters) |

Business Address – MNI Market News, 3rd Floor, 1 Great Tower Street, London, EC3R 5AA.

| | | | | | |
|---|---|---|---|---|---|
| Dec-25 | **Temryuk,** Krasnodar Krai | **Black Sea** | 2.5 mtpa (all cargo) | Two oil tanks at the port were burning according to regional authorities. | |
| Dec-21 | **Volna Terminal, Tamam Port.** Krasnodar Krai | **Black Sea** | 20m mtpa* (145k b/d) | Regional authorities said on the evening of Dec. 21 that two vessels and two piers were damaged at the Volna terminal, while a pipeline at the terminal was also said to have been hit (Bloomberg) | *Figure is the total for the annual handling of crude products and LPG at Tamam transhipment hub |
| Dec-04 | **Maktren-Nafta, Temryuk Port,** Krasnodar Krai | **Black Sea** | 0.4m mtpa (LPG) | Port was damaged after a drone strike caused fires to break out on site (Krasnodar Krai Operational Headquarters said) | port is a key Russian facility, operating as an oil export terminal, receiving, storing, and shipping Russian petroleum products (Kyiv Independent.) |
| Nov-29 | **CPC,** Novorossiysk | **Black Sea** | 68 mtpa (1.37m b/d) | The drone attack damaged SPM-2, leaving just SPM-1 in operation. second CPC mooring now not expected to return until the end of the year (Bloomberg)<br><br>SPM-3 had been under maintenance since the middle of November and Kazakhstan said it expected it to be operational again by the middle of December. | Also attacked Nov. 24 |
| Nov-14 | **Sheskharis, Novorossiysk** | **Black Sea** | 50m mtpa (1m b/d) | Nov. 14 attack caused a fire at a depot located at Transneft PJSC's Sheskharis oil terminal (Bloomberg) | |

## Oil Fields

| Date | Facility | Production Capacity | Operational Impact | Further Details |
|---|---|---|---|---|
| Jan-11 | Filanovsky Field, Caspian Sea<br><br>Operator: Lukoil | 6m mtpa (120k b/d) | Impact unknown from most recent strike | Dec. 20 attack impact unknown.<br><br>Previous Dec. 11 attack damaged critical equipment and suspended production. (Bloomberg) |
| Jan-11 | Grayfer Field, Caspian Sea<br><br>Operator: Lukoil | 1.2m mtpa (24k b/d) | Impact unknown from most recent strike | Dec. 18 strike caused damage to the platform's turbine installation (Bloomberg sources)<br><br>Dec. 14 strike caused 14 wells totally 3.5k mt/d to cease output (Ukraine's General Staff) |
| Jan-11 | Korchagin Field, Caspian Sea<br><br>Operator: Lukoil | 1.2m mtpa (24k b/d) | Impact unknown from most recent strike | Operations halted after Dec. 15 attack.<br><br>Also attacked Dec. 11 |

## Tankers

| Date | Vessel | IMO | Location | Flag at time of attack | Cargo Type | Further Details |
|---|---|---|---|---|---|---|
| Jan-13 | **Delta Supreme** | 9585895 | Black Sea | Liberia | Likely Unladen | Suezmax crude carrier<br><br>Greek Operated: Delta<br><br>Attack reported by Reuters |
| Jan-13 | **Delta Harmony** | 9408463 | Black Sea | Liberia | Unladen | Suezmax crude carrier - no injuries, the ship suffered minor damage to deck structures<br><br>Greek Operated: Delta<br><br>Attack reported by Reuters |

Business Address – MNI Market News, 3rd Floor, 1 Great Tower Street, London, EC3R 5AA.
