

MNI EGB Supply

26 August, 2025 - By Tim Davis, Moritz Arold and Emil Lundh

THIS WEEK

Austria and the ESM are both likely to hold syndications and Italy an auction today. Italy, Germany and Finland are due to hold auctions later in the week, too, while the EU and Belgium held auctions yesterday. **We pencil in issuance of E29.7bln for the week**, up from E22.8bln last week.

- The **EU** kicked off issuance for the week yesterday by selling a combined E5.525bln at auction, the most ever in a conventional auction for the EU. E2.120bln of the 2.875% Dec-27 EU-bond (ISIN: EU000A3K4EW6), E1.774bln of the 3.375% Dec-35 EU-bond (ISIN: EU000A4D8KD2) and E945mln of the 3.375% Oct-38 EU-bond (ISIN: EU000A3K4D74).
- **Belgium** follow later yesterday, selling E2.723bln of 8/9/30-year OLOs at a conventional auction, just above the top of the E2.3-2.7bln target range: E1.021bln of the 3.00% Jun-33 OLO (ISIN: BE0000357666), E933mln of the 2.85% Oct-34 OLO (ISIN: BE0000360694), and E769mln of the 3.50% Jun-55 OLO (ISIN: BE0000361700).
- **Austria** will hold a syndication to launch a new 7-year RAGB maturing 20 September 2032 in a E3bln syndicated transaction in the “near future” (MNI expects today). Bookrunners will be BofA Securities, Deutsche Bank, Erste Group, HSBC, J.P. Morgan and Raiffeisen Bank International.
 - We had flagged the possibility of an Austrian syndication this week in the MNI EGB Issuance, Redemption and Cash Flow Matrix and had been close with the maturity (we had expected a long 6-year rather than the 7-year announced).
 - This transaction will come ahead of the E13.3bln redemption of the formerly 10-year RAGB which is due to mature on 20 October.
- The **ESM** sent a Request for Proposal with regards to an upcoming transaction last week. This means a syndicated transaction today looks likely. We had flagged an ESM/EFSF transaction as likely in late August (although we thought EFSF was more likely).
- **Italy** will come to the market this morning to sell E2.5-3.0bln of the on-the-run 2.10% Aug-27 BTP Short Term (ISIN: IT0005657330) via auction. Note that the MEF announced that the BTPEi line would not be on offer in August (in line with the precedent seen in recent years).
- **Germany** will come to the market tomorrow, reviving the 7-year Bund through the launch of its new Nov-32 Bund as issuance demands have increased in H2. The coupon for the new line is to be confirmed this morning.
- **Italy** will return to the market on Thursday with a 5/10-year BTP / CCTeu auction. On offer will be E2.00-2.75bln of the on-the-run 5-year 2.70% Oct-30 BTP (ISIN: IT0005654642), E1.00-1.25bln of the 3.65% Aug-35 BTP (ISIN: IT0005631590), E1.75-2.00bln of the on-the-run 10-year 3.60% Oct-35 BTP (ISIN: IT0005648149) and E1.50-2.00bln of the 1.05% Apr-34 CCTeu (ISIN: IT0005652828).
- Finally, **Finland** will hold an ORI operation on Thursday, with up to E0.4bln on offer. Details of the RFGBs on offer will be released the preceding day.

NOMINAL FLOWS: This week sees no redemptions (also the case last week). Coupon payments for the week total E0.6bln, of which E0.5bln are Italian. **This leaves estimated net flows for the week at a positive E29.2bln**, up from E22.6bln last week.

NEXT WEEK (W/C 1 SEPTEMBER)

Germany, Spain and France are due to hold auctions in the W/C 1 September. Belgium will hold an ORI operation as well as closing its latest Bons d'Etat retail offering during the week. **We pencil in issuance of E28.0bln for the week**.

- **Germany** will kick off issuance for the week on Tuesday 2 September, selling E4.5bln of the 1.90% Sep-27 Schatz (ISIN: DE000BU22106).
- **Germany** will return to the market on Wednesday 3 September, with E5bln of the 10-year 2.60% Aug-35 Bund (ISIN: DE000BU2Z056) on offer.
- Also on Wednesday 3 September, the subscription period for **Belgium's** Bons d'Etat is scheduled to close. Two lines will be on offer for retail investors: the 1-year 1.90% Sep-26 Bons d'Etat (ISIN: BE3871306366) and the 10-year 3.20% Sep-35 Bons d'Etat (ISIN: BE3871307372).

- **Spain** will come to the market on Thursday 4 September, holding a Bono/Obli/ObliEi auction. Bonds on offer are to be confirmed on Friday, 29 August, while the size announcement is scheduled for Monday, 1 September. We expect at least two on-the-run issues to be sold: the 3-year 2.40% May-28 Bono (ISIN: ES0000012O59), the 5-year 2.70% Jan-30 Bono (ISIN: ES0000012O00), the 10-year 3.20% Oct-35 Obli (ISIN: ES0000012P33). Potentially alongside a longer-dated issue.
- Also on Thursday, **France** will hold a LT OAT auction. Details will be confirmed on Friday, 29 August. We think that there is a good chance that we see the launch of a new 10-year OAT maturing 25 November 2035 (if not we would expect to see a November launch). We don't have a strong conviction surrounding the other OATs that are likely to be on offer.
- **Belgium** will conclude issuance for the week on Friday 5 September with an ORI auction. Details are to be confirmed on Thursday, 4 September.

NOMINAL FLOWS: The W/C 1 September once again sees no redemptions. Coupon payments for the week total E8.2bln, of which E7.6bln are Italian and E0.4bln are from the EFSF. **This leaves estimated net flows for the week at a positive E19.8bln.**

Future Syndication Expectations

- **EFSF:** We see a good chance of a September transaction for up to E3bln (which would complete the EFSF's funding needs for 2025). There is a chance of a smaller E2bln transaction with a further E1bn sold later this year, but that seems a less likely option to us.
- **Italy:** Potentially a September syndication with a 30-year BTP a possible candidate, possibly alongside either a 7-year BTP or 10-year BTP.
- **Netherlands:** A new 30-year DSL maturing 15 January 2056 will be issued via DDA on Tuesday 23 September with E4-5bln on offer. As usual the coupon will be announced on the preceding Friday (19 September) with the initial spread guidance on Monday 22 September.
- **Portugal:** We do see potential for one final syndication of the year (although this is by no means certain). There is currently no OT maturing in 2033 (so potentially a long 7 year / short 8 year) while there is also a gap around the 2048-2050 area – but it's questionable whether Portugal would want to issue in the 23-25 year area.
- **Slovakia:** In July ARDAL Director Daniel Bytcanek told our policy team that a syndication in the second half of October was likely with a transaction size of E2bln with a new 12-year SlovGB the most likely candidate (with a possibility of a new 20-year SlovGB).
- **Spain:** We aren't sure whether there will be a new Obli-Ei launched this year. There is currently an issue maturing every three years through to 2039. Since the programme was launched there have been no Obli-Eis launched which had a maturity exceeding around 16 years. While we don't rule out a launch of a 2042 ObliEi, we think it more likely waits for 2026.
- We expect no further syndication this year from Belgium, France (although don't rule this out completely), Germany, Greece or Ireland. The EU has three syndications scheduled for the remainder of the year.
