

MNI EGB Supply Daily

23 October, 2025 - By Tim Davis and Moritz Arold

THIS WEEK

Italy has opened books for its retail-only BTP Valore. Estonia has held a syndicated transaction yesterday, while Finland, Germany Slovakia and the EU have all held auctions earlier this week. **We pencil in issuance of E12.9bln for the week (excluding retail)**, down from E38.8bln last week.

- **Italy** will look to issue a new 7-year Oct-32 BTP Valore (ISIN: IT0005672016) this week. Books across the first three days totalled E13.0bln, around 50% higher than the last BTP Valore (E8.7bln in May 2024 with eventual takeup of E11.2bln) but less than the E14.7bln day 1-3 total for the Valore in February/March 2024 (eventual takeup E18.3bln).
 - The guaranteed minimum coupon rates will be 2.60% for years 1-3, 3.10% for years 4-5 and 4.00% for years 6-7. As extra final bonus will be 0.8% of the invested capital for investors who purchase the bond during the placement period and hold it until maturity.
 - This will be the fifth BTP Valore issued (but the first of 2025) and have the longest maturity to date. Since launching in 2023, BTP Valore volumes have ranged from E11.2-18.3bln with maturities ranging from 4-6 years.
 - So far in 2025 there have been two Italian retail offerings: the 9-year BTP Piu in February for E14.9bln and the 7-year BTP Italian in May with the retail takeup E8.8bln.
- **Slovakia** kicked off auction issuance for the week on Monday to hold a SlovGB auction for a combined E499mln, selling E115mln of the 3.00% Nov-31 SlovGB (ISIN: SK4000026241), E191.3mln of the 3.75% Feb-35 SlovGB (ISIN: SK4000022539), E93mln of the 0.375% Apr-36 SlovGB (ISIN: SK4000018958), and E100mln of the 2.00% Oct-47 SlovGB (ISIN: SK4120013400).
 - There was a further E27mln sold in the non-competitive round: E8.6mln of the 3.00% Nov-31 SlovGB, E12.6mln of the 0.375% Apr-36 SlovGB, and E5.8mln of the 2.00% Oct-47 SlovGB.
 - Note there the 3.75% Feb-35 SlovGB has now reached its terminal size of E5.0bln, so that issue was not available in the non-competitive round.
- The **EU** held an auction on Monday, selling a combined E5.392bln of the following: E2.259bln (target up to E2.5bln) of the 2.625% Jul-28 EU-bond (ISIN: EU000A4D5QM6), E1.798bln (target up to E2bln) of the 2.75% Feb-33 Green EU-bond (ISIN: EU000A3K4DW8) and E1.335bln (target up to E1.5bln) of the 3.75% Oct-45 EU-bond (ISIN: EU000A4EA8Y7).
 - The non-competitive tranche of the auction was for the first time (it was introduced last month but not utilised): a further E300mln of the 2.75% Feb-33 Green EU-bond and E228mln of the 3.75% Oct-45 EU-bond were sold. There was no additional takeup of the 2.625% Jul-28 EU-bond.
- **Estonia** on Tuesday held a E500m (WNG) syndicated tap of the 3.250% Jan-34 ESTONI (ISIN: XS2740429076). The spread for the transaction was set at MS + 72bps (guidance was MS + 80bps area then revised to MS + 75bps area). [This follows our policy team's interview with their Treasury earlier yesterday.](#)
- **Finland** came to the market on Tuesday, holding a conventional auction for a combined E1.417bln (target up to E1.5bln) of on-the-run 7/10-year RFGBs: Finland sold E548mln of the 2.625% Apr-32 RFGB (ISIN: FI4000591862) and E869mln of the 3.00% Sep-35 RFGB (ISIN: FI4000587415). Note that both RFGBs have been launched this year with the 7-year launched via syndication in August and seeing demand so strong that it was reopened in the ORI the following week.
- **Germany** also held an auction on Tuesday, its final green auction of the year with a combined E1.5bln auction size. That will put total 2025 green funding at E14.5bln (versus a target of E13-15bln). The DFA re-opened two lines: the 1.30% Oct-27 Green Bobl (ISIN: DE0001030740) for E750mln (E733mln allotted), alongside the 1.30% Oct-27 Green Bobl (ISIN: DE0001030740) for another E750mln (E718mln allotted).
- **Germany** returned to the market yesterday with E3.0bln (E2.284bln allotted) of the 7-year 2.50% Nov-32 Bund (ISIN: DE000BU27014).
 - There was weak demand seen again on the 7-year Bund auction despite it being the only re-opening of the line in Q4. Bid-to-offer at 0.93x, below last month's 1.13x. Lowest accepted price of 101.05 below the 101.062 pre-

auction mid. There was little spillover to Bund futures however (~5 ticks of downside in the minutes after the auction result release).

NOMINAL FLOWS: This week will see redemptions of E14.3bln: primarily E13.3bln of a formerly 10-year Austrian RAGB and E0.8bln of a formerly 10-year Lithuanian bond. Coupon payments for the week total E3.9bln of which E1.2bln are Austrian, E1.0bln Belgian, E0.7bln German, E0.5bln Irish and E0.2bln Portuguese. **This leaves estimated net flows for the week at negative E5.1bln** versus positive E15.8bln last week.

NEXT WEEK (W/C 27 October)

Belgium, Italy, Germany and Finland will all look to come to the market in the W/C 27 October. **We pencil in issuance of E27.5bln for the week.** There is also the potential for a Slovakian syndication.

- In July **Slovakia's** ARDAL Director Daniel Bytcaneek told the MNI policy team that a syndication in the second half of October was likely with a transaction size of E2bln with a new 12-year SlovGB the most likely candidate (with a possibility of a new 20-year SlovGB). We now pencil this in for the W/C 27 October.
- **Belgium** will kick off the week's issuance on Monday 27 October with its last conventional auction of the year, with the 2.60% Oct-30 OLO (ISIN: BE0000365743), the 1.25% Apr-33 Green OLO (ISIN: BE0000346552) and the on-the-run 10-year 3.10% Jun-35 OLO (ISIN: BE0000363722) on offer.
 - Alongside this, the BDA announced that it would cancel the auction scheduled for 24 November (but still planned to conduct the two remaining ORI auctions on 7 November and 19 December).
 - We look for a similar or slightly smaller E2.6bln maximum auction size to that seen in September – the size announcement is set to follow this Friday.
- **Italy** will look to hold a BTP Short Term / BTPei auction on Tuesday 28 October with details to be confirmed today. We expect the 2.10% Aug-27 BTP Short Term (ISIN: IT0005657330) to be on offer. There is also a good chance the 1.10% Aug-31 BTPei (ISIN: IT0005657348) is reopened again, possibly as part of a dual-line BTPei auction.
- **Germany** will come to the market on Tuesday 28 October with E4bln of the 2.20% Oct-30 Bobl (ISIN: DE000BU25059) on offer.
- **Germany** will return to the market on Wednesday 29 October with E4.5bln of the 10-year 2.60% Aug-35 Bund (ISIN: DE000BU22056) on offer.
- On Thursday 30 October, **Italy** will look to hold a 5/10-year BTP / CCTeu auction. Details will be confirmed on Monday 27 October. We see a good chance for a new 10-year Feb-36 BTP to be launched at this auction, alongside a first reopening of the 5-year 2.85% Feb-31 BTP (ISIN: IT0005671273). We note that the Apr-34 CCTeu (ISIN: IT0005652828) has been sold at each auction since its May launch.
- **Finland** will conclude the month's issuance on Thursday 30 October by holding an ORI auction.

NOMINAL FLOWS: The W/C 27 October will see sizeable redemptions of E54.5bln: E27.5bln of a formerly 30-year French OAT and E27.0bln of a formerly 10-year Spanish Obli. Coupon payments for the week total E17.8bln of which E10.1bln are Spanish, E6.5bln French and E1.1bln Italian. **This leaves estimated net flows for the week at negative E44.8bln.**

Future Syndication Expectations

- We expect no further syndication this year from Austria, Belgium, France (although don't rule this out completely), Germany, Finland, Greece, Ireland, the Netherlands, Portugal or Spain. The EU has two syndications scheduled for the remainder of the year.
