

MNI: Ukrainian Strikes on Russia's Oil Infrastructure Tracker

By Lawrence Toye (24/12/2025)

- **Russia's crude processing volumes fell 190k b/d to 5.3m b/d** in week to Dec. 17, Bloomberg reported.
- Runs at the **Yaroslavl refinery fell by 250k b/d on the week** while processing at **Syzran climbed by 100k b/d**.
- The tables show **reported Ukrainian attacks on Russian oil infrastructure since October**. Given the frequency of attempted strikes, the list may not be exhaustive.

Major Russian Refineries Targeted by Ukraine

Operational Impact Unconfirmed

Crude Processing Reportedly Halted

Observed Operating Near Pre-Strike Levels

Operating Rates Reduced

Key Cities

Major Refineries

Date	Facility	Capacity	Operational Impact	Further Details
Dec-17	Slavyansk Refinery, Krasnodar Operator: Slavyansk ECO	5.2m mtpa (100k b/d)	Operational impact unknown.	Also targeted Nov. 30, Aug. 13 (Reuters)
Dec-14	Afipsky refinery, Krasnodar Operator: SAFMAR	6.25m mtpa (125k b/d)	Operational impact unknown.	Attacked Nov. 29, Sep. 26, and twice in August Nov. 29 attack saw some technical equipment damaged (Reuters) but tanks were not affected (Interfax)
Dec-14	Yaroslavl Refinery Operator: Slavneft-YANOS	15m mtpa (300k b/d)	Crude processing down 250k b/d to 70k b/d (Bloomberg Dec. 23) Dec. 12 strike resulted in a suspension of output at the plant. CDU-4, which accounts for a third of the plant's production capacity, was damaged, along with a loading rack (Reuters)	Also attacked Dec. 12, and end-September. Last reported as running at 200k b/d in May.
Dec-08	Saratov Refinery, Saratov Operator: Rosneft	7m mtpa (140k b/d)	Operational Impact Unknown from Dec. 8 attack Nov. 28 attack damaged the ELOU-AVT-6 primary oil purification unit. Primary crude oil processing completely suspended as of early December and operating rates below 50% of capacity (General Staff of Ukraine Dec. 5) Prior to Nov. 28 attack, the plant stopped processing crude since the Nov. 11 attack and had already been expected to remain offline until end of November (Reuters Nov. 14).	Refinery was also targeted Nov. 28, Nov. 14, Nov. 11, Nov. 3, Oct. 16, Sep. 20, Sep. 16. CDU-6 thought to be damaged by the Nov. 14 strikes (Reuters) The Nov. 3 strike ignited a fire in the the area of the ELOU AVT-6 oil refining units (desalting and de-watering unit), (Ukraine's General Staff)

Dec-06	Ryazan refinery , Ryazan Operator: Rosneft	13m mtpa (340k b/d)	Crude processing was suspended following Nov. 15 attack and was still offline as of Dec. 10 (Bloomberg).	Refinery attacked nine times this year Most recent:: Dec. 6, Nov. 20, Nov. 15, Oct. 23, Sep. 5, Aug. 2. Nov. 20 caused a fire in the area of the secondary oil processing units.(General Staff of Ukraine), while Nov. 15 attack shut down main CDU, taking 48% of capacity offline (Reuters) Oct. 23 strike took the 80k b/d CDU-4 offline with secondary unit shutdowns including a reformer, vacuum gasoil hydrotreater, and catalytic cracker (OilPrice.Com).
Dec-05	Syzran , Samara Operator: Rosneft	8.5m mtpa (170k b/d)	Runs at 120k b/d as of Dec. 17, up 100k b/d on week (Bloomberg)	Refinery previously attacked Nov. 22, and Aug. 30, 24, and 13 (Kpler). Dec. 5 attack struck CDU-6 The August strike temporarily ceased operations (RBC Ukraine)
Nov-27	Novokuibyshevsk , Samara Operator: Rosneft	8.8m mtpa (170k b/d)	Runs back to pre-attack levels in week to Dec. 10. (Bloomberg)	Also attacked on Nov. 16, Oct. 19, Oct 19, Aug. 2 (Kpler). Oct. 19 strike disrupted 138k b/d CDU-11 and CDU-9. Aug. 2 attack caused a suspension in primary oil processing.

Nov-25	Tuapse , Tuapse Krasnodar Krai) Operator: Rosneft	12m mtpa (240k b/d)	Runs down 60k b/d on week to 145k b/d. Runs returned to to pre-attack levels in week to Dec. 10, (Bloomberg)	Nov. 25 attack claimed by General Staff of Ukraine Previous attack on Nov. 3 when drones struck the loading facilities (Bloomberg)
Nov-19	Ilsky , Krasnodar Krai Operator: KNGK	6.6m mtpa (130k b/d)	Damage Unknown	Nov. 19 attack was not announced by General Staff of Ukraine but by chief of Unmanned Systems Forces Robert Brovdi Refinery has been target of multiple attacks, with a previous attack in September. Refinery runs were 115k b/d as of Oct. 27
Nov-11	Orsknefteorgsintez (Orsk) , Orenburg Operator: FortelInvest	6m mtpa (120k b/d)	Refinery reduced runs following Nov. 11 attack. (Bloomberg Nov. 25). No further update Had originally been expected to restart by Nov. 16 as had (Kommersant) suspended crude processing Nov. 10 due to maintenance at processing facility; the drone strike delayed repairs (Kommersant)	General Staff of Ukraine claimed that one fo the primary CDUs were hit. Exilenova reported a Visbreaking unit was hit. The refinery had also been attacked by a drone on Oct. 3 (Astra)
Nov-06	Sterlitamak Petrochemical Plant , Bashkortostan Operator: Gazprom NefteKhim	n/a	Operational Impact Unknown. Part of the water purification facility collapsed from previous Nov. 4 strike (Bashkortostan Governor)	The strike occurred on Nov. 6, according to Ukraine's Military Intelligence (HUR).
Nov-06	Lukoil refinery, Volgograd Operator: Lukoil	15m mtpa (300k b/d)	Crude processing exceeding 220k b/d by late November (Bloomberg) The refinery had already reduced runs for planned maintenance when it was attacked Nov. 6 (Bloomberg)	Also struck Oct. 15, Sep. 18, Aug. 12 (Kpler) The units damaged by the Nov. 6 strike were reported to be the 67k b/d CDU-5 (Bloomberg) and the 11k mt/d hydrocracker (Reuters, Bloomberg).

Nov-04	Nizhegorodnefteorgsintez , Kstovo, Nizhny Novgorod Operator: Lukoil	17m mtpa (340k b/d)	Lukoil confirmed that the operation of one of the processing units was temporarily suspended as of Nov. 4 (RIA). No further public update since.	Refinery also attacked Oct. 15 and Oct. 5. L-24/300 hydrotreatment unit possibly damaged Oct. 15 (Militarynyi) Rectification column, responsible for primary oil processing damaged in Oct. 5 strike (Ukrainian Pravda)
Oct-15	Bashneft Refining Complex , Ufa, Bashkortostan Operator: Rosneft	23.5m mtpa (472k b/d)	Ufimsky refinery increased runs to pre-attack levels by Nov. 12 (Bloomberg) Runs at the Ufaneftkhim refinery rose by more than 60% to pre-strike levels of 155k b/d by Nov. 4 (Bloomberg)	Reports of attacks on the refining complex Oct. 15 and Oct. 11 (Bloomberg). Bashneft is a complex of three oil refineries: the Novoil, Ufimsky and Ufaneftkhim refineries.
Oct-04	Kirishi refinery (Kinef) , Leningrad Oblast Operator: Surgutneftegaz	20m mtpa (430k b/d)	Runs near pre-strike levels by Nov. 5 (Bloomberg)	The attack on Oct. 4 halted the 160k b/d CDU-6, the most productive unit (Reuters), The refinery was also hit Sep. 14, which took a 150k b/d primary processing unit offline. (Bloomberg)

Smaller Refineries

Date	Facility	Capacity	Operational Impact	Further Details
Dec-15	Astrakhan Gas Processing Plant Operator: Gazprom	3.2m mtpa (60k b/d),	Crude processing halted as of Dec. 23 (Bloomberg)	Plant processes condensates Previously halted production of motor fuels on Sep. 22 after a fire caused by a drone attack. Also hit early February.

Oct-29	NS-Oil refinery, Novospasskoye, Ulyanovsk	0.6m mtpa (12k b/d)	Damage Unknown	Produces gasoline, diesel, and fuel oil.
Oct-29	Mariysk refinery, Mari El Republic	1.3m mtpa (26k b/d)	Damage Unknown	Explosions and a fire at the facility (Ukraine General Staff). Refinery has two primary oil processing units and a vacuum fuel oil processing unit (Interfax Ukraine)
Oct-22	Dagnotech, Makhachkala, Dagestan	1m mtpa (20k b/d)	Damage Unknown	Kyiv's General Staff claimed the attack hit one of the crude refining units, but it was not independently verified.

Ports & Export Terminals

Date	Facility	Location	Max Oil Loading Capacity	Impact	Further Details
Dec-21	Volna Terminal, Tamam Port. Krasnodar Krai	Black Sea	20m mtpa* (145k b/d)	Regional authorities said on the evening of Dec. 21 that two vessels and two piers were damaged at the Volna terminal, while a pipeline at the terminal was also said to have been hit (Bloomberg)	*Figure is the total for the annual handling of crude products and LPG at Tamam transshipment hub
Dec-04	Maktren-Nafta, Temryuk Port, Krasnodar Krai	Black Sea	0.4m mtpa (LPG)	Port was damaged after a drone strike caused fires to break out on site (Krasnodar Krai Operational Headquarters said)	port is a key Russian facility, operating as an oil export terminal, receiving, storing and shipping Russian petroleum products (Kyiv Independent.)

Nov-29	CPC Novorossiysk	Black Sea	68 mtpa (1.37m b/d)	<p>The drone attack damaged SPM-2, leaving just SPM-1 in operation. second CPC mooring now not expected to return until the end of the year (Bloomberg)</p> <p>SPM-3 has been under maintenance since the middle of November and Kazakhstan has said it expected it to be operational again by the middle of December.</p> <p>Kazakhstan's Energy Minister Yerlan Akkenzhenov announced on Monday that the delivery of two new mooring points to the Caspian Pipeline Consortium's Black Sea terminal has been advanced to January from the original April schedule</p>	Also attacked Nov. 24
Nov-14	Shekaris, Novorossiysk	Black Sea	50m mtpa (1m b/d)	Nov. 14 attack caused a fire at a depot located at Transneft PJSC's Sheskharis oil terminal (Bloomberg)	
Nov-09	Tuapse	Black Sea	13 mtpa (240k b/d)	<p>Resumed oil product exports in week ending Nov. 23 after a two-week suspension following drone strike (Reuters)</p> <p>One of the harbour's piers damaged by Nov. 9 strike (Astra)</p>	Also attacked Nov. 2, causing a fire and damaging at least one ship.

Oil Fields

Date	Facility	Production Capacity	Operational Impact	Further Details
Dec-20	Filanovsky Field , Caspian Sea Operator: Lukoil	6m mtpa (120k b/d)	Unknown impact.	Previous Dec. 11 attack damaged critical equipment and suspended production. (Bloomberg)
Dec-17	Grayfer Field , Caspian Sea Operator: Lukoil	1.2m mtpa (24k b/d)	Dec. 18 strike caused damage to the platform's turbine installation(Bloomberg sources) Dec. 14 strike caused 14 wells totally 3.5k mt/d to cease output (Ukraine's General Staff)	Also attacked Dec. 14
Dec-15	Korchagin Field , Caspian Sea Operator: Lukoil	1.2m mtpa (24k b/d)	Operations halted (Bloomberg)	Also attacked Dec. 11

Shadow Tankers

Date	Vessel Name	Attack Location	Flag	Cargo onboard	Further Details
Dec-19	Qendil	Mediterranean	Oman	Unladen	Aframax crude carrier
Dec-10	MT Kairos	Black Sea	Gambia	Unladen	Suezmax crude carrier
Dec-10	MT Virat	Black Sea	Gambia	Unladen	Aframax crude carrier
Dec-10	Dashan (Disputed)	Black Sea	Gambia	Unladen	Suezmax crude carrier Attack was not claimed by Ukraine Sanctioned by the EU, U.K., Can, Aus, for transporting Russian oil and disabling ID systems disabled.
